| <p><b>Tier 1 – Classroom Skill Reinforcement</b></p> <p>Schools use Frog Publications materials during core instruction to reinforce foundational reading and math skills through short, consistent daily practice and hands-on learning activities.</p>   | <p><b>Tier 2 – Targeted Intervention Support</b></p> <p>Schools use Frog Publications materials to provide focused reinforcement for students needing additional support in specific reading or math skills.</p>   | <p><b>Educators Often Appreciate the Flexibility to:</b></p> <ul style="list-style-type: none"> <li>▪ Adjust instructional levels to student need</li> <li>▪ Reinforce prerequisite skills</li> <li>▪ Provide repeated practice opportunities</li> <li>▪ Support individualized instruction</li> <li>▪ Extend intervention beyond the core curriculum</li> </ul> |
| <p><b>Common Classroom Uses</b></p> <ul style="list-style-type: none"> <li>▪ Daily warm-ups and bell ringers</li> <li>▪ Small-group rotations</li> <li>▪ Guided practice</li> <li>▪ Independent skill reinforcement</li> <li>▪ Spiral review of previously taught skills</li> <li>▪ Intervention/enrichment blocks</li> <li>▪ Fast finishers &amp; small-group activities</li> </ul> | <p><b>Organized by Skill Progression so Teachers Can:</b></p> <ul style="list-style-type: none"> <li>▪ Differentiate instruction easily</li> <li>▪ Group students by skill need</li> <li>▪ Reinforce prerequisite skills</li> <li>▪ Provide additional guided practice</li> <li>▪ Support MTSS intervention blocks</li> <li>▪ Address unfinished learning</li> </ul> <p>Drops in the Bucket materials are especially helpful for short, consistent intervention sessions that reinforce multiple skills over time through spiraled review.</p> | <p><b>Hands-on Learning &amp; Engagement</b></p> <p>Hands-on learning games and structured daily review materials help increase engagement while reinforcing essential academic skills.</p>  |

## Why Schools Choose Frog Publications

- Flexible across multiple instructional settings
- Easy for teachers to implement immediately
- Supports differentiated instruction
- Ideal for intervention and reinforcement
- Hands-on, engaging learning activities
- Appropriate for whole group, small group, or independent use
- Helps reinforce foundational reading and math skills
- Supports schoolwide consistency across grade levels
- Can be used alongside existing curriculum programs
- Trusted by schools for over 50 years

### Common implementations include:

- MTSS/RTI intervention blocks
- Title I support
- Extended learning time
- Summer learning programs
- After-school intervention
- SPED resource support
- Small-group instruction
- Skill reinforcement during core instruction

### Drops in the Bucket

Daily spiraled reading and math skill reinforcement designed to strengthen foundational skills through short, consistent practice. Flexible for whole-group instruction, small groups, intervention blocks, independent work, and targeted skill support.

### Frog Family Fun-Packs

Take-home family engagement skill packs that help students continue practicing important reading and math skills beyond the classroom. Designed to encourage meaningful family involvement while supporting skill retention and reinforcement.

### Frog Super Learning Games

Take-home family engagement skill packs that help Hands-on learning games that reinforce essential reading and math skills through engaging partner and small-group activities. Ideal for intervention time, learning stations, guided practice, and differentiated instruction.
